Featuring Tim Welch
*author of “Technology Tools for Your
Ministry”*

Tim Welch is the consultant for educational technology at Catholic Education Ministries, in the Diocese of Saint Cloud, Minn. With more than 25 years of experience at the parish and diocesan level, he is constantly seeking ways of journeying with others to implement new technologies that can service ministry and catechesis, and collaboratively exploring new technologies when they seem promising but sometimes daunting.

Welch holds a degree in electronics from Savannah Tech in Savannah, Calif., and a degree in theology and religious education from Saint John’s University in Collegeville, Minn. He also credits much of his knowledge about faith and life to his three grown daughters and his spouse of 31 years.

Welch is currently the national consultant for technology ministry for Our Sunday Visitor Curriculum Division (formerly Harcourt Religion Publishers).
